Our years in junior high school are ones we will always remember. These years have given us friends, knowledge, fun, experiences, and "favorite things." Our "favorite things" may change through the years but we will always be able to look back and remember.

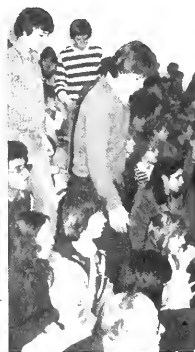

Our staff offers these pages in the hope that they will preserve our "favorite things" of 1981-82 in an interesting and enjoyable way. So years from now when you look back through these pages, we hope these memories may be among your "favorite things."
